CLOSE CONTEST GOES TO CENTRE COLONELS

Wildcats Stage Up-hill Battle, But Are Nosed Out By Two Points

LAVIN IS INJURED

The Wildcats lost to Centre, at Danville, Tuesday evening by a score of 29-27. The lead of the "wonder team" in the first half could not be overcome in the last period of play by the most sensational rally ever seen on the Centre court.

A local paper, commenting on the game, said: "This game leaves the superiority of the two teams about as much in doubt as ever, as the Kentucky five was completely outplaying the Colonels during the last half and would probably have won with another minute or two to play."

Lavin had the ligaments of his shoulder torn a few minutes after the game started and had to be taken out of the contest. The extent of the injury is unknown, as yet, but it is doubtful whether he will be able to play during the remainder of the season. Wilhelm filled the position held by "Bobby."

Coming back in the last half, despite a 17 to 7 point lead, the Kentucky five almost succeeded in giving Centre the much looked for defeat. King was the outstanding player for the Wildcats, making 13 out of 27. Buchheit's men ran up 20 points in the last half to Centre's 12, besides displaying a near perfect system of passing that was dazzling for its speed and accuracy. The two teams meet again on February 18 on the local Gym floor.

The line-up:

Centre (29)	Pos.	Kentucky (27)
McMillan (6)	F.	Hayden (2)
Mayer (21)	F.	King (13)
Roberts	C.	Atkins (6)
Armstrong	G.	Lavin (2)
Walden (2)	G.	Ridgeway
Substitute—Wilhelm (4) for Lavin.		
Referee—Hinton, Georgetown.		

ALUMNI SUBSCRIBE TO 750 KERNELS

Directory of All Graduates Is Now Being Prepared For Publication

The circulation of The Kernel among alumni beginning with this issue will be more than 750. It is expected to pass the 1,000 mark before March 1. The directory of graduates and former students, which is now being prepared for publication, is proving an additional attraction to new members. Temporary chairman for organizations in sixty Kentucky counties have been

NEGRO PROBLEM IS SUBJECT AT CHAPEL

New Class to Study Conditions Under Direction of Dr. Shull

"The Negro problem is an ever increasing problem which confronts the people of America today. The only solution is for intelligent christian people to form a definite plan to develop the negro under christian supervision," Mr. John Little, of Louisville, said, at chapel, Tuesday, in an effort to stimulate interest in a new class which is to be formed here at the University by Doctor Shull for the purpose of studying the negro problem. This class will meet one-half hour each day for a period of six weeks.

Tuesday evening, Mr. Little gave an interesting talk, illustrated by stereoscopic views at Patterson Hall.

AUBURN IS NUMBERED AMONG WILDCAT PREY

Cincinnati Also Falls Victim of Buchheit's Blue and White Warriors

Coach George Buchheit seems to have his head set on a championship basketball team this year.

Cincinnati, an age old enemy, fell before the Wildcats by a 26 to 19 score. The first test of the season came and King, Hayden, Lavin, Atkins and Ridgeway lived up to all that was expected of them. "Bill" King was the heavy point man, making 12 markers.

Auburn, the school who cleaned Georgia Tech by a 30 to 28 score and who has been in the habit of copping Southern honors, came up and lost on the Gym by a 40 to 25 score. This was the most exciting, fastest and most spectacular game of the year.

In the first half the Blue and White machine was a few points in arrears. In the last half it came back and swept the visitors off their feet, making one and a half points a minute for the second period.

PATTERSON SOCIETY NAME NEW OFFICERS

First Meeting of New Semester Will Be Held Tonight.

The Patterson Literary Society met Friday, January 28, and elected officers for the second semester. The following were elected: president, Thomas Burchett; vice president, P. P. Cooper; secretary, W. H. Peal; assistant secretary, R. A. Logan; treasurer H. W. Sullivan; critic, Leonard Fielder; librarian, Arthur L. Hodges and sergeant-at-arms, F. P. Bell.

The first meeting of the new semester will be held tonight at 7:15 o'clock in Alumni Hall.

SOPHS ARE VICTIMS OF JUNIOR FIVE

The Juniors easily defeated the Sophomores Wednesday afternoon in the Gym by a score of 22-12. The game was good despite the fact that the men showed insufficient practice. Lewis, Junior center, was the outstanding man of the older team, making six baskets. Asher, Soph center, also hung up six tallies.

The next game will be played February 14, at 4:30 o'clock between the Seniors and Sophomores.

JOINT MEETING SUNDAY

Howard E. Taylor, of Berea College, will speak at a joint meeting of the Y. W. C. A. and Y. M. C. A. Sunday evening at 6:30 o'clock at Patterson Hall.

ALUMNI CLUB CLOSERS MEMBERSHIP DRIVE

354 Members Enrolled in Recent Contest Between Blues and Whites

BLUES ARE VICTORS

The Kentucky Alumni Club of Lexington closed its membership drive at noon last Saturday with a total enrollment of 354.

The contest between the Blues, led by John Skain, and the Whites, led by Frank Battelle, was won by the Blues.

The leading team was that led by Miss Nancy Innes, with 110 new members. The second team was led by Howell Spears with 100 new members. A rising vote of approbation was given by those at the luncheon Saturday noon to the individual workers who enlisted fifty or more new members from the former students and graduates of the University of Kentucky, which included Miss Innes and Mr. Spears, Mrs. Frances Geisel Harbison and William Raughn.

A standing membership committee will be appointed this week by Bill Combs, president of the club, to continue the intensive campaigning of the last three weeks among all former University students. Membership in the local club includes membership in the Alumni Association of the University and subscription to The Kernel and annual directory of members of the association.

It was decided to hold monthly luncheons of the club hereafter.

Questionnaires were distributed among those at the luncheon by the alumni secretary calling for an expression of opinion of the members as to a program for the local club and the general association.

SAYRES WILL HEAD CINCINNATI ALUMNI

Warner Sayres was elected president of the alumni organization of Cincinnati when former students and alumni of the University of Kentucky met Tuesday night at dinner at the Gibson hotel and elected officers. J. T. Rawlings was elected vice-president; Mrs. Charles C. Studor is the new secretary, and H. W. Griefe, treasurer. Miss Anna Lewis Whitworth and Kenneth Doris will act on the executive committee. The next meeting of the Alumni will be held March 1 at the Gibson hotel at dinner. An invitation has been extended to Dr. Frank L. McVey to be the principal speaker.

STROLLER PLAY WILL BE LAST OF MARCH

Enoch Grehan Goes to Pineville Tomorrow for Conference.

"The Admirable Crichton," the annual Stroller play, will be presented in Lexington the last week of March. The exact date has not been definitely determined. Rehearsals were resumed Tuesday night, and the cast is putting in hard work, although definite assignments of parts have not yet been made.

Enoch Grehan goes to Pineville tomorrow for a conference with the Chamber of Commerce of that town, in regard to the presentation of "The Admirable Crichton" at Pineville, after the play is given its Lexington showing.

TOTAL REGISTRATION NOW STANDS AT 1,333

103 New Students Have Registered For the Second Semester

According to a statement given out by the Registrar on Wednesday, 103 new students have registered for the second semester at the University of Kentucky, making the total registration for the year 1920-1921, 1,333. Students are still being registered each day from 11 to 12 a. m. and 3:30 to 4:30 p. m.

The number of new students registered for the second semester this year doubled the number which entered the University the second semester of any preceding year. Of the 103 new students, 41 are women and 62 men.

There has been no change in the faculty. Two hundred and seventy ex-service men made application for and received ex-service benefits.

FARM CONVENTION IS PRONOUNCED SUCCESS

Extensive Program Given on Every Phase of Farm Life

The ninth annual Farm and Home Convention was held by the College of Agriculture at the University last week. The convention was one of the most successful ever held at the University, the attendance exceeding that of former years. Special sessions were held for the men and for the women. An extensive program was given in which every phase of farm or economic life important to the farmer was discussed.

DR. SHULL INVITED BUT CANNOT VISIT LONDON

Charles A. Shull, head of the department of botany, has been invited, by the Faraday Society of London, England, to contribute a paper and take personal part on the program which will be presented at the annual meeting of that organization in London May 31, and though Doctor Shull will be unable to attend the conference he has announced his intention of writing a discussion on "Osmotic Phenomena," which will be read to the representatives of various societies who will meet in England.

The invitation to attend the meeting in London and deliver an address was made by Dr. E. J. Russell, author and scientist, director of the Rothamsted Experiment Farm in Essen, England.

JOHN DAVIS LIKES OXFORD

The latest word received from John Davis, '20, Arts, who received a Rhodes scholarship and is studying at Oxford, England, is that he is highly pleased with his work at Exeter College.

EDUCATION COST AT UNIVERSITY COMPLETED

Work Done by Leland's Class in Statistical Methods

\$653,960.85 IS TOTAL

The average cost of education to students at the University of Kentucky ranges from \$711.85 a year for students in the College of Arts and Science, to \$895.01 a year for students in the College of Law, according to statistics just compiled by the Department of Economics on three of the four principal colleges of the University. The work was done by the class in Statistical Methods under the direction of Professor S. E. Leland.

The lowest average was that of the one woman in the Engineering College, who reported that her expenses for the present year would approximate \$639.69. The highest average was for men in the College of Law, who reported average expenditures of \$908.83 for the year.

The statistics as worked out by the class show that students in the college of Arts and Science had average expenditures of \$711.85; College of Law, \$895.01 and College of Engineering, \$713.86. In the College of Arts and Science the average for men was \$692.50 and for women \$731.20; College of Law \$908.83 for men and \$881.20 for women and College of Engineering \$791.03 for men and \$636.69 for women. The total estimated as spent by students for the three departments during the year was \$653,960.85, divided as follows:

College of Arts and Science, \$363,082.20; Law, \$67,284.73 and Engineering, \$223,596.92.

The averages by classes in the various departments showed that men in the first year classes of the colleges of Arts and Sciences spent \$571.07, while

\$750 RAISED TO DATE BY EUROPEAN RELIEF

Faculty Has Subscribed Largest Amount to the Student Fund.

A total of \$750.35 has been raised to date at the University in the drive for the European Student Relief Fund. The faculty has subscribed the largest amount and the Juniors are at the bottom of the list. The drive will end a week from today and all who have not subscribed should leave their subscriptions with the business agent.

The subscriptions are divided as follows: Faculty, \$320.40; Seniors, \$100.65; Juniors, \$84.22; Sophomores, \$148.63 and Freshmen, \$86.45. An average of each class shows that the subscription made by each member of the Senior class is 73 cents; Junior, 43 cents; Sophomore, 42 cents and Freshmen, 19 cents.

BROWN — OWSLEY.

Lois Brown was married at the Seelbach hotel in Louisville, Tuesday, to Walter W. Owsley of Owensboro. Miss Brown was a member of Kappa Delta and was graduated with the class of '20.

Pay For Annual Space

The final payment of 75 per cent. for annual space is long overdue and the absolute limit for this payment is February 20. Pages not paid for by this time will be stamped —THIS SPACE NOT PAID FOR. Payment should be made to Fred Augsburg at once.

FARMERS' WEEK

The ninth annual Farmers' Week meeting which closed last Friday eclipsed all other gatherings of agricultural interest ever held on Kentucky's campus. The meeting was well attended by representative farmers of the State.

The Kernel is pleased to note this first hand evidence of ever-increasing interest in the more scientific methods of meeting agricultural problems. Superior intelligence and thorough information are as essential to great success in farming as in any other line of activity. The farmer has his problems of production and marketing, and the farmer who attends Farmers' Week will have a better preparation for meeting and solving these problems.

Such occasions as Farmers' Week are invaluable to the individual farmers and to agricultural industry, and The Kernel congratulates the College of Agriculture for so successfully carrying through to completion this meeting.

JUST JARGON

By "Jessie" James

"THEY SHALL NOT PASS"
"Oh, just an A," the Senior said. So calm and bored his tone, That one might think at first glance A's were for him alone.

"I always did prefer a B," A Junior calmly said.
"I memorize so easily. My notes are in my head."

"My average is barely C," We heard the Sophomore cry.
"I studied every night, you see, I'm glad he let me by."

"I certainly do feel relieved," The Freshman grinned at me.
"I thought this time I sure would flunk. But, boy, I got a D!"

"Oh, goodness me, my heart is broke," We heard all classes wail.
"I thought I passed in Chemistry But, burn my clothes, I failed!"

Ed—"Did you ever hear a rabbit bark?"
Co-ed—"You're crazy, Rabbits don't bark."

Ed—"I know it, but this book says —"Rabbits eat cabbage and bark."

"Roxane," the fair lady of Rostand's play, "Cyrano de Bergerac," gives her handkerchief to the regiment to be used as a flag. Now tell us please, Mr. Farquhar, what did Roxane use?

Military News

By Adaline C. Mann

All cadets who have not drawn their R. O. T. C. Insignia are requested to report to the commission office at once.

The names of the cadets who are going to attend the summer camp at Camp Knox next summer must be in by February 15. This is a wonderful opportunity for the cadets and is absolutely free since all the expenses will be paid by the government. The commanding officer hopes that as many as possible will take advantage of this offer.

The commanding officer of the cadets of the University is expecting a visit from the Inspector of the fifth co-area at an early date.

According to Colonel George D. Freeman many new men are matriculating for the corps for the second semester but the exact number will not be known for several days.

A meeting was held Tuesday at which were present Colonel Freeman, Major A. S. J. Tucker and Major Henry E. Mitchell and representatives of the various Colleges of the University to endeavor to make a different arrangement for the military instruction. Heretofore it has been customary to instruct all companies at the same hour and this practice has not proven as satisfactory as desired.

Briefly the plans suggested by the military instructors call for maintaining of a three-company battalion, scheduling instruction for each company separately. In addition for ceremonial, or battalion exercises, the President of the University is asked to make arrangements for an afternoon hour during which all the companies may be assembled together.

Consoled.

She lay in his arms and smuggled her head against his neck—a rush of emotions surged through her—tenderly he caressed her, and she closed her eyes in delight.

"Poor Kitty, did I step on your tail?" —Furman Hornet.

HOW TRUE?

He—What is the difference between a kiss and a sewing machine.
She—Shoot if you must.
He—One sews seams good and the other seems so good.

"All men fall into two classes: those whom women like, and those who wear purple socks."

Every Day

more men are buying The Florsheim Shoe again, permanently. It's sound merit and reputation do not disappoint. The name in every pair.

How is a Wireless Message Received?

EVERY incandescent lamp has a filament. Mount a metal plate on a wire in the lamp near the filament. A current leaps the space between the filament and the plate when the filament glows.

Edison first observed this phenomenon in 1883. Hence it was called the "Edison effect."

Scientists long studied the "effect" but they could not explain it satisfactorily. Now, after years of experimenting with Crookes tubes, X-ray tubes and radium, it is known that the current that leaps across is a stream of "electrons"—exceedingly minute particles negatively charged with electricity.

These electrons play an important part in wireless communication. When a wire grid is interposed between the filament and the plate and charged positively, the plate is aided in drawing electrons across; but when the grid is charged negatively it drives back the electrons. A very small charge applied to the grid, as small as that received from a feeble wireless wave, is enough to vary the electron stream.

So the grid in the tube enables a faint wireless impulse to control the very much greater amount of energy in the flow of electrons, and so radio signals too weak to be perceived by other means become perceptible by the effects that they produce. Just as the movement of a throttle controls a great locomotive in motion, so a wireless wave, by means of the grid, affects the powerful electron stream.

All this followed from studying the mysterious "Edison effect"—a purely scientific discovery.

No one can foresee what results will follow from research in pure science. Sooner or later the world must benefit practically from the discovery of new facts.

For this reason the Research Laboratories of the General Electric Company are concerned as much with investigations in pure science as they are with the improvement of industrial processes and products. They, too, have studied the "Edison effect" scientifically. The result has been a new form of electron tube, known as the "pliotron", a type of X-ray tube free from the vagaries of the old tube; and the "kenetron", which is called by electrical engineers a "rectifier" because it has the property of changing an alternating into a direct current.

All these improvements followed because the Research Laboratories try to discover the "how" of things. Pure science always justifies itself.

RESEARCH CLUB TO DO ORIGINAL WORK

The regular monthly meeting of the Research Club was held in Doctor F. L. McVey's office Thursday, February 9. This club was organized last December at the suggestion of Doctor McVey. Officers and instructors of the University who have done meritorious research are eligible for membership in the club. The present membership is twenty-six. Regular meetings are held on the first Thursday of each month during the academic year.

The officers for 1921 are: A. M. Miller, president; A. M. Peter, vice president and D. J. Healey, secretary.

Stakes Driven on Location For New Boys' Dormitory

Stakes were driven on the location for the new boys' dormitory at the University of Kentucky Thursday afternoon to mark the space to be excavated. This work will be begun Monday morning and rushed to completion. It is believed that the job can be finished within two weeks, weather permitting.

ALPHA XI DELTA HAS LEASED NEW HOME

Members of Alpha Xi Delta have leased a new home in Lyndhurst Place and expect to move early in March. The fraternity house is a three-story brick building now nearing completion. Fourteen women will live at the house, chaperoned by Mrs. Clyde Sheltman.

"All you have to do is to jangle this cow-bell."

"But suppose I come in at the wrong place?"

"You can't do that in jazz."—Louisville Courier-Journal.

Certainly So.—Teacher (after lesson on snow)—"As we walk out on a cold winter day and look around, what do we see on every hand?"

Pupil—"Gloves!"—Life.

PHILADELPHIA ALUMNI RECENTLY ORGANIZED

Alumni and former University students in Philadelphia and vicinity organized recently with H. Berkely Hedges, '14, president; George C. Lewis, '13, vice president and C. L. Templin, '19, secretary-treasurer. An immediate canvass will be begun to enroll every Kentucky man or woman in a sixty mile radius in the local organization and in the Alumni Association.

ALPHA CHI SIGMA IS HOST AT RINK PARTY

Alpha Chi Sigma, chemistry fraternity, was host at a skating party on Friday evening, January 21, at the Nicholasville rink. The party made the trip in a truck and refreshments were enjoyed on the way back.

The following attended: Virginia Croft, Ruth Tapscott, Anne Owens, Louise Dodd, Katherine Sparks, Alberta Wilson, Leland Snoddy, H. M. Noel, Neal Thurman, Gus Becker, Andrew Hagan, Garland Davis, Louis Riedel, W. Williams, W. D. Hutchinson, John Walker, J. McDaniels and Jim Server. Chaperones, Miss Margie McLaughlin and Mrs. C. S. Graves.

FOUNDERS DAY BANQUET OF KAPPA KAPPA GAMMA

The annual Founders Day banquet of Kappa Kappa Gamma will be held in the Lafayette hotel ballroom tonight. Many alumnae expect to attend.

The ballroom will be decorated in the fraternity colors. A quintet will furnish music during the evening.

Fan Ratcliffe will be toastmaster. Sarah Carter, Elizabeth Kimbrough and Louise Stewart will give the responses.

ALPHA XI DELTA WILL GIVE EVENING DANCE

Alpha Xi Delta will give a dance in the Lafayette ballroom Saturday evening from 8 to 12. It will be in the form of a Valentine party and red will be carried out as the color scheme. A sextette will furnish the music.

BETTER COME TO-DAY

In Selecting a University—

For a college education, there are five things to be taken into consideration:

1. The men at the head of the Institution.
2. The scholastic standing and ability of the Teaching Staff.
3. The location and advantages of environment.
4. Equipment, buildings, laboratories and libraries.
5. Cost.

In all these respects the University of Kentucky commends itself to those seeking a higher institution in which to carry on their education.

All Departments, including Liberal Arts, Sciences, Agriculture, Law, Education, Mining, Civil, Electrical and Mechanical Engineering.

The Government needs trained men and women; college training will bring the result.

Address

PRESIDENT FRANK L. McVEY

University of Kentucky

Lexington, Ky.
